- NFC-IET, Multan was granted “**Degree Awarding Status**” through an Act of Parliament in 2012, since then the Institute is operating through its ‘**Own Resources**’ without receiving any grant/aid from HEC, Ministry of Federal Education, any Provincial or Federal Funding Agency. The above mentioned (08) projects will also be financed from its “**Own Resources**”
- Since its Inception, The Institute remained in Surplus every year and never faced any Financial Deficit in its history despite maintaining same Fee level which was applicable in 2012.
- In 2012, the Institute was a small Engineering Institute having only 04 academic departments but after getting Degree Awarding Status, and with proper planning, decision making & vision of the present management, the Institute flourished rapidly and till 2021 and the academic departments have been increased from 04 to 32 and the Institute is considered as Large Engineering Education Providing Institute in deprived region of South Punjab.
